Schools

The report below reflects new and cumulative COVID-19 cases reported to schools by parents/guardians and staff. Schools are required to report cases to their assigned Local Health Department who then report to the Ohio Department of Health. The report of COVID-19 is no way an indicator that a school district or school isn't following proper procedures. Families and staff should always feel free to ask questions of the school district or school.

Note: A full screen option for this dashboard can be found on the lower right corner. To exit full screen mode press the 'Esc' key.
