

COVID - 19 | Key Indicators

Last Updated: 11-05-20

All dates are based when an indicator is reported and will not match data in other COVID-19 dashboards provided by the Ohio Department of Health. All other dashboards are based on onset date, date of hospitalization, or date of death.

Note: Totals include Confirmed and CDC Expanded Case Definition (Probable)

Department of Health

All 88 Ohio Counties Ranked by Highest Occurrence COVID-19 Cases

The 14-day period used for this table covers data from Oct. 21 to Nov. 3. The data were pulled on Nov. 4 and exclude incarcerated individuals.
Shaded counties meet the Centers for Disease Control and Prevention definition of "high incidence" of COVID-19.
