

Last Updated: 11-19-20

All dates are based when an indicator is reported and will not match data in other COVID-19 dashboards provided by the Ohio Department of Health. All other dashboards are based on onset date, date of hospitalization, or date of death.

All 88 Ohio Counties Ranked by Highest Occurrence COVID-19 Cases

The 14-day period used for this table covers data from Nov. 4 to Nov. 17. The data were pulled on Nov. 18 and exclude incarcerated individuals.

Shaded counties meet the Centers for Disease Control and Prevention definition of "high incidence" of COVID-19.
